To whom it may concern

Fluid

I confirm that I we have used the services of Fluid on a weekly basis since October 2007. In that time we have built a strong relationship with the Managing Director, Tim Holden. During the last few months Fluid have provided my business with excellent support in the areas of appraisals, training, interviewing, reducing absence, induction, disciplinary matters, handling grievances and contracts/handbooks/job descriptions. Their work to date has resulted in a much more positive atmosphere, improved morale and a considerably more engaged workforce.

I can confidently recommend Fluid as a creative, innovative and reliable supplier, and experts in their field.

Yours faithfully
